Standardization

EPD for the best environmental decision

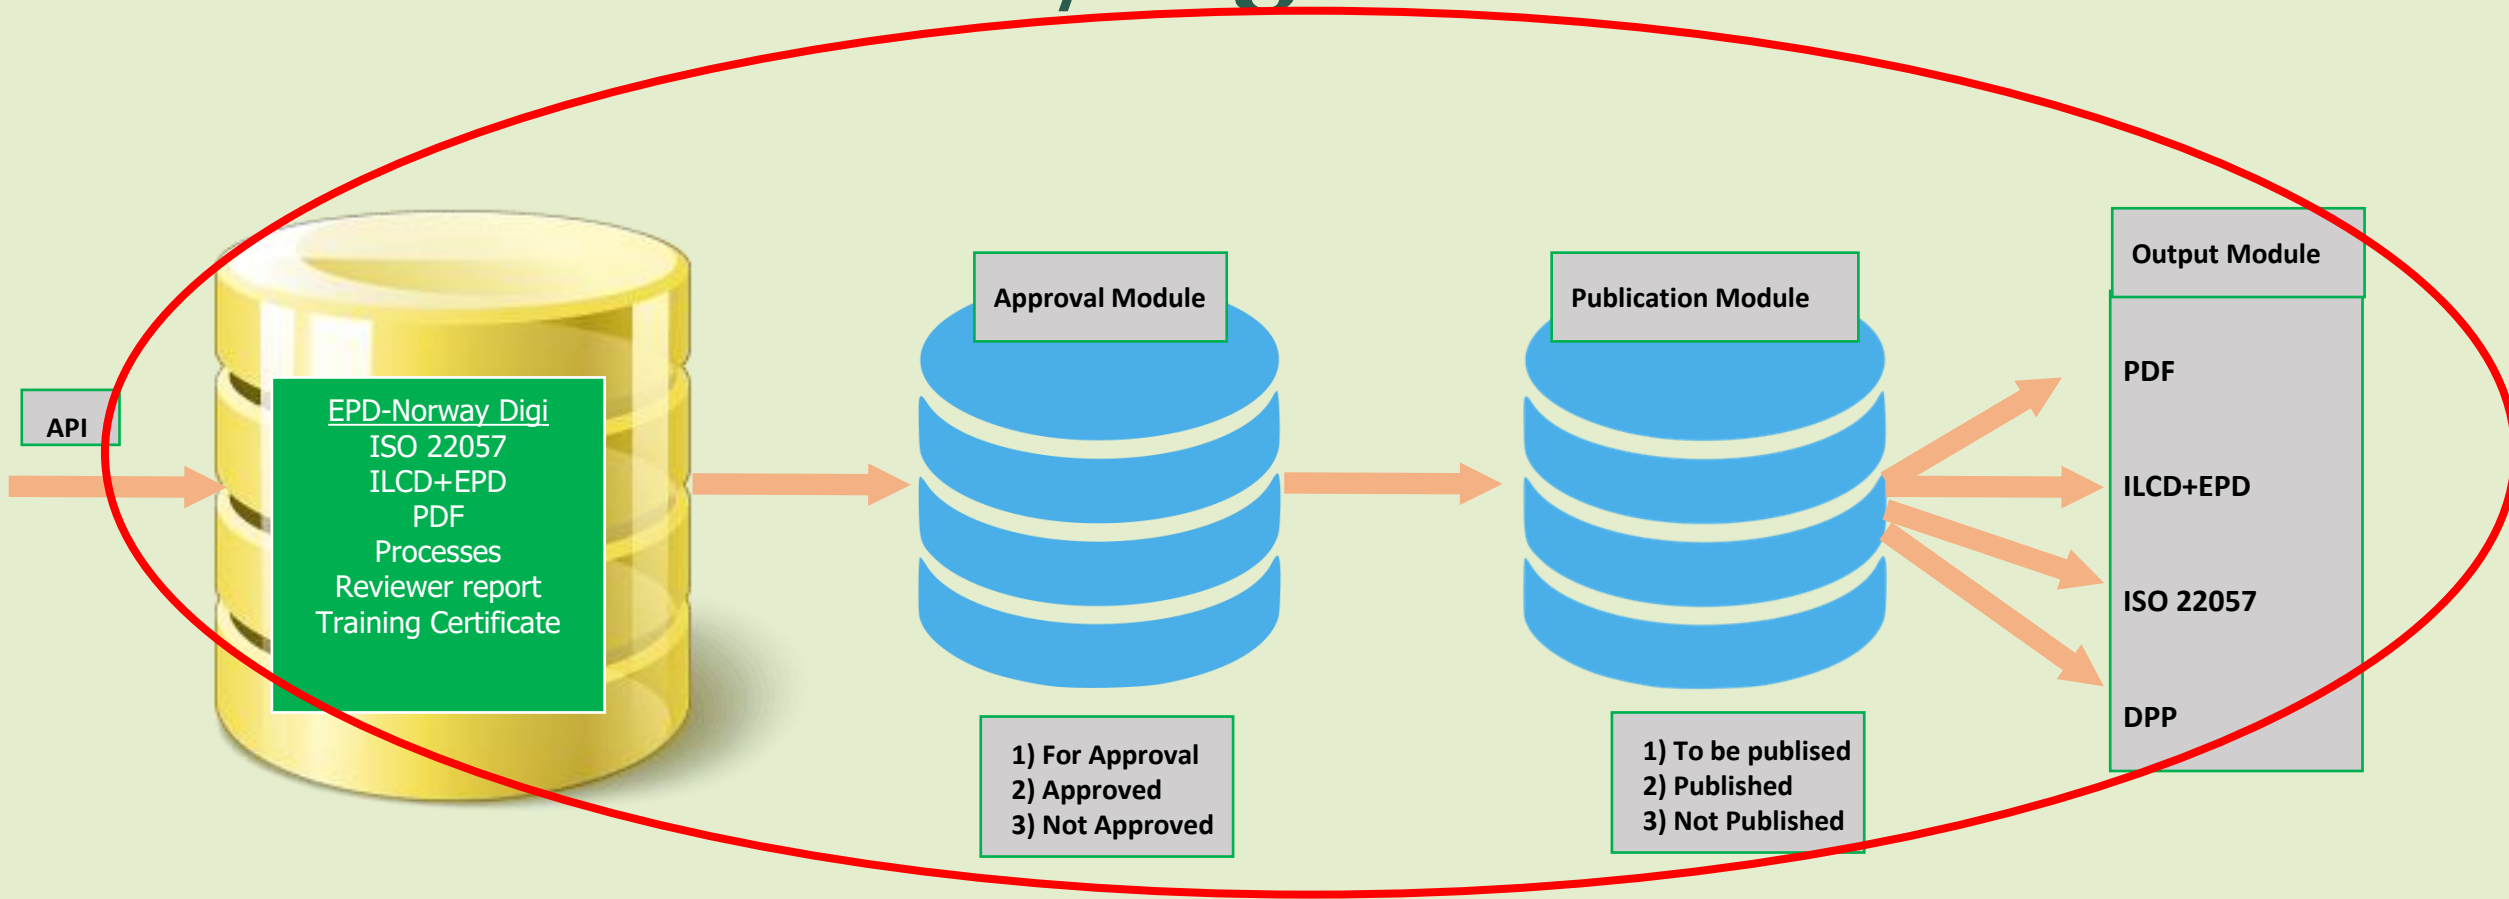

✓ With Straight Through Processing, information only needs to be entered manually once, which means no more rekeying ever again!

Automated/Digital EPD Workflow

Create a machine readable EPD by an EPD-tool, transfer the EPD throughout the value chain without/minimal human actions (STP) and deliver the EPD in accordance with ISO 22057 and PDT/PTS format in a BIM application

STP - Automated/Digital EPD Workflow

EPD-Norway Management System

EPD for the best environmental decision
